**Vacancies** – An email application was received by the Parish Council from Mr Kenneth Brocklesby. After consideration of the application letter it was proposed by Councillor Schofield and seconded by Councillor Mumby that Mr. Brocklesby be co-opted onto the Parish Council. Mr Brocklesby was invited to join Councillors at the table and the Clerk requested to inform NELC.

**Walkers are Welcome** – resolved to put this matter on the next agenda in May.

**Skate Park** – Councillor Greenbeck informed those present that another meeting had been held again in respect of possible sites and that the suggestion of a skate park at the rear of the Pavilion at Butt Lane had been brought up. The Chairman informed those present that NELC didn't want the park and that there was also the bowling green issue.

Councillor Marshall was concerned with the problem of the cricket pitch/football pitches being possibly moved to accommodate a skate park at the rear of the building there and felt that there would not be enough room to accommodate them all.

Councillor Greenbeck then put forward that the working party had come up with the suggestion that the Parish Council take on board the whole facility at Butt Lane and have this as a sporting facility for the village, and that consultation should take place. He further stated however, that he did not want this to turn into another 'Great Coates' type of problem.

Councillor James proposed that this go out to the wider public – not seconded. Councillor James then proposed that the Chairman should "start the ball rolling" regarding consultation and question North East Lincolnshire Council regarding their intention for the Butt Lane site. This proposal was seconded by Councillor Turner and resolved.

The Chairman, Councillor Greenbeck, also Chairman of the working party for the proposed skate park, informed those present that there would be a need to finance the consultation process. He then proposed from the Chair, a donation of £400.00 to help with costs of consulting the public.

At this point the Clerk queried who owned the project, since a request for a donation suggested that the Parish Council didn't own the project and therefore a grant application should be made.

Councillor Turner then proposed that the skate park project be run by the Laceby Parish Council – not seconded.

Discussions took place and a point of order was called for by the Chairman.

The Clerk tried to make it clear that if the Parish Council "owned" the project then Receipts for Expenditure would need to be provided. If a donation were to be made,
